

## The engine roars to life...

...pushing you back into your seat as you cruise down the runway at full throttle. Then with a gentle tug of the controls, the wings bite into the wind and the ground drops away as your airplane climbs into the bright blue sky.

Sound exciting? More than a million people just like you thought so and have already taken a free flight through the EAA Young Eagles program. Experience the thrill of flight up close in an airplane flown by a pilot from your area.

Plus—your name will also be entered into the World's Largest Logbook at EAA AirVenture Museum in Oshkosh, Wisconsin.

So what are you waiting for? Jump on the web and log on to [www.youngeagles.org](http://www.youngeagles.org) to find out more. Soon you'll be rolling down the runway and up into that bright blue sky.

### A SPECIAL MESSAGE FROM THE CHAIRMEN

*"The two of us come from different aviation backgrounds, but a passion for flight binds us together, as it binds us all within the EAA community. Through the Young Eagles program we look forward to sharing our passion with youth, both through our local EAA Chapters and our individual efforts. We would like to add our own emphasis on training, preparation and leadership to the EAA Young Eagles vocabulary."*

Captain Sullenberger and First Officer Skiles are the pilots who successfully carried out the emergency ditching of US Airways Flight 1549 in the Hudson River January 15, 2009, saving the lives of all 155 passengers on board.

# Dreams take flight

with EAA's Young Eagles

Do **you** look into the sky  
when an airplane flies overhead?

Do **you** wonder what it would be  
like to be up there instead of  
down here?

## Quit wondering...

and schedule a **FREE**, introductory flight  
with the EAA Young Eagles program.  
You'll fly with a licensed, local pilot who  
will help you take the first steps to make  
your dream of flying come true.

## After your Young Eagles flight...

Sporty's Pilot Shop and EAA want to  
help you move from the right seat to  
the left seat and achieve your dreams  
of becoming a pilot. Once you receive  
a Young Eagles flight, you will be given  
a special log book to record your flight.  
This log book also includes information  
on how to access **Sporty's Complete  
Flight Training Course** for **FREE!** This  
online course is the perfect way to get  
started with your flight training and  
prepares you to take all three FAA tests  
required for your private pilot certificate.

## So what are **you** waiting for? Come fly with **EAA's Young Eagles!**

Visit the Young Eagles website at  
**[www.youneagles.org](http://www.youneagles.org)** to find a pilot near you  
and to learn more about this unique program.

EAA's Young Eagles program was launched in 1992 and has provided more than 1.5 million free flights to young people ages 8 – 17 in the hope of inspiring them to explore the world of flight. EAA members volunteer their time and aircraft to make these flights possible. EAA is an international aviation association with 160,000 members and 950 local Chapters.

**For more information, visit [www.eaa.org](http://www.eaa.org).**
